Mr. Kim J. Carpenter
County Executive Officer

October 14, 2013

Paul McQueary – President
Don't Meth With Us, Foundation

Dear Paul,

The San Juan County Commission would like to thank you and the Don't Meth With Us Foundation for being an integral part of developing this anti-drug program.

The Don't Meth With Us campaign has been an important initiative that continues to be vital in creating accountability and awareness regarding meth and illegal drug use, in general.

This program has served our community and our local youth extremely well. Your involvement with the various civic groups and your ability to reach out to local leaders and community members to share the importance and awareness of the destructiveness of meth and other drug use has had a significant impact that is far reaching.

In 2006 when the Don't Meth With Us program started, methamphetamines were the drug of choice among juveniles in our community. Since 2010, because of such a tremendous outreach on this campaign, the battle against the drug's use is making a difference with our juveniles.

In closing, on behalf of our San Juan County Commission, we are truly thankful for the efforts like the Don't Meth With Us initiative and strongly believe that this program would be valuable to any other community that utilizes it.

Respectfully,

Scott Eckstein
Chairman, San Juan County Commission
